# AWAKENING CONSCIOUSNESS SELECTED LECTURES OF SIR GEORGE TREVELYAN

## Book Launch Evening and Lecture

To be held at the  
**Essex Unitarian Church, 112, Palace Gardens Terrace, Notting Hill Gate, London W8 4RT**  
**On Tuesday 4<sup>th</sup> November 2008**

Through his lectures during the last three decades of the twentieth century Sir George Trevelyan offered a statement of spiritual vision and an affirmation of hope in darkening times. He spoke of an emerging synthesis between science and spirituality and put his faith for the future of society in the transforming power of spiritual awakening. He foresaw that we were involved in a "cosmic stage of immense significance" and stressed both an essential understanding of the reality of higher worlds of being as well as the need for each person to attune to the living universe.

David Lorimer's lecture "Spiritual Awakening in our Time: Towards Deeper Spiritual Connection" will outline Sir George's key messages and show how these are being carried through by many individuals and organisations today. This will challenge each of us "to decide whether by despondency or doubt we intensify the pall of psychic darkness over the earth or, by positive and courageous thinking, do our part to prepare the way for the coming Light."
